Please provide two examples of your advocacy to protect and promote civil rights and civil liberties in Maryland. **I have been active in the anti-fracking campaign for western Maryland and more recently took an activist stance against the City of Cumberland using public funds to acquire a residential neighborhood for a strip mall development (Rolling Mills), and wrote newsletters warning against the use of eminent domain for this and future projects.**

Please provide two examples of what you will do if elected to protect and promote civil rights and civil liberties in Maryland. **I want to use this space to clarify my response on legalizing marijuana for recreational use. If and when the citizens approve the legalization of recreational marijuana, I would want tax revenues generated by its sale to be used for developing better, long-term, comprehensive substance abuse treatment care in our communities, which is sorely lacking. This is a golden opportunity to deal with the opioid crisis and eliminate the unintended social harm done by the criminalization of casual marijuana use and possession. I have a track record of many years as a volunteer in senior advocacy, LGBT and HIV advocacy, and professional experience in mental health and substance abuse work.**
